

Abbey Party Rents Mobile WiFi Hotspot

Network Name: ABBEY-WIFI

Password: 411allan

You can connect up to 10 wireless devices such as smartphones, laptops, tablets, digital cameras, printers, gaming consoles, and digital picture frames to your mobile hotspot's Wi-Fi network.

Turn unit on by pressing the Power Button on top of the device.

- Use the Wi-Fi application on your computer or other wireless devices to search for the available wireless network.
- Select the Wi-Fi network name displayed on the mobile hotspot screen (See above), and then click Connect.
- Input the Wi-Fi network password, which is located on the mobile hotspot home screen, and click Next. (See above)
